Race Safety

I. **The safety of our athletes, volunteers, and spectators is our primary concern.** In the event of inclement weather, the race will continue under the following circumstances:
   - Lightning: The event will be postponed by 30 minutes. All racers and spectators will move to the Landon Gym. If the lightning continues, the race will be canceled.
   - Rain: The event will NOT be canceled due to rain alone. If it is determined that the bike portion of the race would be unsafe due to wet roads, then the race will be changed to a swim-run duathlon. Athletes will be informed of such a change via announcements on race day.
   - Tornado warning: The race will be canceled in the event of a tornado warning.

II. Racers must have a **properly fitted bike helmet** with a securing strap that is worn at all times when riding the bike.

III. **Getting around** - We kindly request that spectators remain off the course at all times and only cross at designated crosswalks by our invaluable volunteers. Thank you for your cooperation. No parents are allowed into Transition until the FINAL racer has completed the bike course - an announcement will be made when transition is open. We appreciate your patience in ensuring all of our racers are safe!
